ACT Venture Capital makes venture capital investments in entrepreneurial and innovative companies. Our business is about helping entrepreneurs create companies that can lead in International markets. Based in Ireland, we have been doing this for over 15 years in Ireland & the UK and have directly invested over ???350m in ambitious companies that share our goal. We partner with teams and individuals who can make an impact in their markets, with innovative products and business models, and build significant long-term value as a result.
