Engineering Training Services (ETS) are the premier provider of Engineering Apprenticeships across Northern Ireland. Our employer led apprenticeship programme has been successfully running for almost 20 years and our bespoke one stop shop services for recruitment, employment, induction, mentoring and training across all aspects of engineering ensure that employers return year after year. As a result, our success rate is 100%, our retention rate is greater than 95% and regarded by the Education Training Inspectorate (ETI) as excellent
