Helens Bay Golf Club is one of the most beautiful golf courses in the North Down/Greater Belfast area. Founded in 1896, it nestles on a gentle hill at the mouth of Belfast Lough in the middle of the village of Helens Bay. The Club welcomes visitors in golfing societies or as individuals. The well-maintained nine-hole course is a good test of accurate golf and although it does not intimidate beginners, low handicappers will not find it easy to break par.
