Experienced Building Consultancy firm. Our team of chartered builders, project managers and energy assessors offer services in Building Surveying, Project Management, Energy Efficiency, SAP/SBEM Calculations, Fire Risk Assessments and advice on the Code for Sustainable Homes. We have over 20 years experience in the industry. We give homeowners, architects, builders, developers and estate agents a one stop shop for all planning and building regulation requirements. Domestic and Commercial Energy Performance Certificates, Asbestos Surveying and Condition Surveys all carried out by experienced, professional assessors. NIER offers a reliable, professional, cheap and friendly service.
