

Opus Home Care

	{value_qrcode}
Address	31 Mount Eagles Square
Contact Person	Ms Teresa Harvey
Mobile Number	
Email	

Opus Homecare was established in 2007 specifically to provide better quality care solutions for people who wanted to be cared for in their own homes. Domiciliary care (also known as homecare) is a range of care services you can receive in your own home to help you cope with disability or illness, and to become or remain independent for as long as possible. At Opus Homecare we believe in care in the community and that anyone who chooses to live in their own home should be given every assistance to do so, as securely and as comfortably as possible.
